

# Before Trouble

Meg Mac

Be my friend before trouble  
Let me stand behind you  
Please be my friend, please be my friend  
Please be my friend, please  
Oh, be my friend  
Oh, until the end  
Be my friend, be my friend  
Be my friend, be my friend  
Let me stand behind you  
Please be my friend, please be my friend  
Please be my friend, please

Ooh, ooh  
Ooh, ooh

And they're bringing trouble home  
There on the table and in every room  
Even I can see from here that it's rough  
To be dreaming like they do  
Oh, oh, oh

And I'm taking nothing off  
Cause they're all laughing at my needing  
Even I can see from here that it's rough  
To be dreaming like they do  
Oh, oh, oh

It's cold out there, brother  
Oh, brother, I feel it  
My eyes are wide open  
Oh, brother, I see it  
It's cold out there, brother  
Oh, brother, I feel it

Ooh, ooh  
Ooh, ooh

And they're bringing trouble home  
I hear them talking, and they're not leaving  
And don't take it out on cheaters  
And people that don't see it like you do  
Ooh, ooh  
Ooh, ooh

It's cold out there, brother  
Oh, brother I feel it  
My eyes are wide open  
Oh, brother I see it  
It's cold out there, brother  
Oh, brother I feel it  
Ooh, ooh  
Ooh, ooh

Be my friend  
Before trouble  
Let me stand behind you  
Please be my friend, please be my friend

Please be my friend, please

Ooh, ooh  
Ooh, ooh

It's cold out there, brother  
Oh, brother, I feel it  
My eyes are wide open  
Oh, brother, I see it  
It's cold out there, brother  
Oh, brother, I feel it

Ooh, ooh  
Ooh, ooh
