

# Didn't Wanna Get So Low But I Had To

Meg Mac

I go back to where I am losing  
Lying down, I can't stand it  
You cannot lose it when you knew it  
All along through me

On my own through me  
On my own

I didn't hear it when you said it  
On my own, that I would like it  
I guess I'll leave you when I'm leaving  
My poor, poor soul, through me

On my own through me  
On my own

Oh, I feel it going down  
When I'm home I'm not around  
Oh, I feel it going down  
When I'm home I'm not around

Oh love this crying for a reason  
Well it's all gone and I can taste it  
And of the time that I spent losing  
It's on my own, through me

On my own through me  
On my own

Oh, I feel it going down  
When I'm home I'm not around  
Oh, I feel it going down  
When I'm home I'm not around

Didn't want to get so low but I had to  
I didn't want to get so low but I had to  
I didn't want to get so low but I had to  
I didn't want to get so low but I had to

And I'm good at lying down  
Yeah, good at lying down, ooh  
Put me down  
Well I'm good at lying down

Oooh, but I had to  
I didn't want to get so low but I had to  
I didn't want to get so low but I had to  
I didn't want to get so low but I had to
