

I'm Not Coming Back

Meg Mac

Take a little pain away

Baby when you called me
I didn't even notice
You were feeling low and I
I didn't even notice
Wish there was something I could learn for ya
Wish there was something I could take from ya

Take a little pain away
Oh I take a little pain away
And I take a little pain away

Where you gonna go to?
I'm not coming back
Who you gonna call when
I'm not coming back?
What you gonna do when
I'm not coming back?
Not coming back

Where you gonna go to?
I'm not coming back
Who you gonna call when
I'm not coming back?
What you gonna do when
I'm not coming back?
Not coming back

'Member when I told ya
I'd be here when you're falling
I never said it's only
The only time to call me
Wish there was something I could learn for ya
Wish there was something I could take from ya

Take a little pain away
So I take a little pain away
And I take a little pain away

Where you gonna go to?
I'm not coming back
Who you gonna call when
I'm not coming back?
What you gonna do when
I'm not coming back?
Not coming back

Where you gonna go to?
I'm not coming back
Who you gonna call when
I'm not coming back?
What you gonna do when
I'm not coming back?
Not coming back

I don't want to leave you all alone

I just want to see you on your own
You'll be fine fine fine
It'll be alright
You'll be fine fine fine
It'll be alright
Ohhh
Ahhh

Where you gonna go to?
I'm not coming back
Who you gonna call when
I'm not coming back?
What you gonna do when
I'm not coming back?
Not coming back

Where you gonna go to?
I'm not coming back
Who you gonna call when
I'm not coming back?
What you gonna do when
I'm not coming back?
Not coming back

I bet you didn't even notice that
And you didn't even notice that
Mmm
Mmm
Mmm
