

Lifesaver

Meg Mac

I could borrow some of that, I could use it
And if you could give me some of that, what I could do with it
To take away the pain so I'm not losing, losing, losing

I could carry on like this, like I used to
Blaming everybody else until I found you
Somebody to tell me what I can do and cannot do

Lifesaver, here I am
I've run into trouble again
Ooh, I'll wait, I'll wait for you
Lifesaver, here I am

No, I can't go back home
And I know I can't stay
So I laid it on the table
Hoping it would show the way
Oh, I can't believe the tears it cost
To wake up still afraid and lost

Lifesaver, here I am
I've run into trouble again
Ooh, I'll wait, I'll wait for you
Lifesaver, here I am

Oh, here we go again
Oh, here we go
Lifesaver, here I am
Lifesaver, here I am
Oh, here we go again
Lifesaver, here I am

Lifesaver, here I am
I've run into trouble again
Ooh, I'll wait, I'll wait for you
Lifesaver, here I am

Lifesaver, here I am
Lifesaver, here I am
