

Cold

Meg Myers

I will break you
On my own
I will taste you
When you're gone
And the fire won't burn me
'Cause my body's too cold

I will lay down arms for you
Turn me on
I will wear this crown for you
Make me wrong
'Cause the fire don't burn me
And my body's so cold

I will hate you
All along
I'll inhale you
When you're gone
And the fire won't burn me
'Cause my body's too cold

I will lay down arms for you
Turn me on
I will wear this crown for you
Make me wrong
'Cause the fire don't burn me
And my body's so cold
And the fire won't burn me
'Cause my body's too cold
