

## Bodies

Megadeth

This thing called "life" goes by so quickly  
One day you're here and then you're gone  
This is the moment I've lived my whole life for  
And I'll never give up, I've waited too long

I've waited  
Waited too long  
I've waited too long

And all along the road  
All the bodies left behind  
May all have been good friends  
Just not good friends of mine

I've been kicked out and said I quit  
Then I said, "I had enough" and "this is it"  
All I wanted was just one more show for the road  
'Cause it was over last time before I could blink, I could blink

I've waited  
Waited too long  
I've waited too long

And all along the road  
All the bodies left behind  
May all have been good friends  
Just not good friends of mine  
Their bodies left behind
