

# I Am War

Megadeth

I know me, I know myself  
I do not fear countless battles ahead  
I will win, then I go to war  
Swifter than the wind, and attack like fire

I am war, I am hurt and pain  
I am misery, I am loss and sorrow  
I am war

To know you, I become you  
Knowing every fear of each of my enemies  
You go to war, then seek to win  
Appearing strong when clearly you are weak

I am war, I am hurt and pain  
I am misery, I am loss and sorrow  
I am war

I am war, I am hurt and pain  
I am misery, I am loss and sorrow  
I am war, I am hurt and pain  
I am misery, I am loss and sorrow  
I am war

I am war  
I am war
