You take great pride in never having lived up to anything Lie, steal, cheat and kill, a real bad guy Your Daddy is a wino and your Mommy is quite insane From alter boy to sewer rat, you don't give a damn Your Sister is a junkie, gets "it" any way she can Your Brother's a gay singer in a stud leather band Your girlfriend's got herpes to go with your hep and AIDS There ain't one person you know you ain't ripped off yet

Look deep in the mirror, look deep into its eyes Your face is replaced, a creature you despise I know what you're made of, it ain't much I'm afraid I know you'll be lying until you dying day

Make up your stories, truth's so hard to say Brain is numb and your tongue will surely dig your grave Your mind is sickly from Alzheimer's Disease And decadence and debauchery killed your memories

You're a liar, liar, liar, everyone can see You're a liar, liar, liar, it's all you'll ever be You're a liar, liar, liar, it's what you mean to me You're a liar, liar, lies

Start trouble, spread pain Piss and venom, in your veins Talk nasty, breathe fire Smell rotten, you're a liar Sweat liquor, breathe snot Eat garbage, spit blood Diseased, health hazard Scum bag, filthy bastard Greasy face, teeth decay Hair matted, drunk all day Abscessed, sunken veins Rot gut, scrambled brain Steal money, crash cars Rob jewelry, hock guitars Rot in hell, it's time you know To your master, off you go

You're a liar, a fucking liar Filthy liar, liar You fucking liar

Liar!
