Keep It Moving

Megaloh

I been in the cold, I been in the deep end
Had to keep my head high, yeah, I had to keep it moving, moving
Heading for the top, so we hustle at the new day
We're grooving, yeah, yeah
Yeah, I had 'em talkin' but you know we keep it moving, it movi
ng
Heading for the top, so we hustle at the new day
We're grooving, yeah, yeah

In lähmenden Zeiten in Bewegung bleiben
Lange Lockdown, Zeit für Lebenszeichen
Den Berg erklimmen heißt, aus seinen Tälern steigen
Das heißt, bloß nicht kleben bleiben, Dinge in die Wege leiten
Für jede Seite gibt es Gegenseiten
Seine Segen sehen heißt, allmählich heilen
Momente, die sich anfühlen, so wie Ewigkeiten, gehen vorbei
Auch wenn ich es nicht seh, bin Teil von den Gezeiten
Einatmen, ausatmen, transformieren (I haunt you?)
Alles ist im Flow heißt, wir harmonieren (Harmonieren)
Fokussier die Ziele, statt das Negative
Meditiere, damit ich mich nicht auf meinem Weg verliere

This is hard on me
Yeah, it took a while, but I bet on me (On me)
Yeah, you know I got my pedal to the floor (Yeah, yeah)
Yeah, you know I got my eyes on the prize (Fokussiert)
You know that I ain't your voice, know they carry lies (Motivie
rt)
I felt the pain, swear I've been on the other side (Other side)
Now it's my time to shine on (Shine on, shine on)
So you gon' watch me shine one time (Ah, yeah)

I been in the cold, I been in the deep end
Had to keep my head high, yeah, I had to keep it moving, moving
Heading for the top, so we hustle at the new day
We're grooving, yeah, yeah
Yeah, I had 'em talkin', but you know we keep it moving, it mov
ing
Heading for the top, so we hustle at the new day
We're grooving, yeah, yeah
Yeah, yeah, yeah, yeah, yeah, moving, moving
Just keep it moving
