

Fifty Years Later

Megan Hilty

When I fell, I broke my coccyx
And they had to fuse my spine
I spent a year in rehab
In emotional decline
And then an angel came to me
And nursed me back to life
Patient and forgiving
The reason I'm still living
She's my friend, my sweetheart, my wife
I love her
She's my person
Forever and always and true

Boo!
Screw you, that's my song (No, you don't get a happy ending)
You don't get my song, get out of here! (That's so unfair! Boo!
Go, get out of here, old man!)
