

Siempre Viva

Megan Hilty

The rush of applause
The tingling of admiration
The feeling of being adored in your prime is through
You're out of time
For gravity's kiss is pulling you down
You're losing your youth, it's unfair

It's a bitch!

It's a crime
Look at these hands

Thank you!

Such hideous cracks

Jesus

Your skin has begun to decay
But I can stop the sands of time in their tracks
Won't you join me and choose to stay
Forever young
Forever fair
Time beware
Siempre Viva
Beauty reborn (One drop, time stops)
Beauty revived (One drink, don't think)
Forever alive (You've got one shot)
Siempre Viva (Siempre Viva)

What is that?

What you came for

The secret of youth
Distilled into sweet perfection
For those who reject the maturing reflection they see
My dying star
As long as I've lived
I've been careful with my selection
The few who deserve to be new and preserved
Just like me
Look at my hands, so young and pure
Each feature is perfectly placed

Look at my ass (Look at that ass!)
I hold the cure
Give in to your desire
Have a taste (One drop, time stops)
Forever fair (One drink, don't think)
Time beware (You've got one shot)
Siempre Viva (Siempre Viva)
Beauty reborn (One drop, time stops)
Beauty revived (One drink, don't think)
Forever alive (You've got one shot)
Siempre Viva (Siempre Viva)

Hold out your hand

Ow! What the hell?
Oh, I'm getting out of-woah
Venmo okay?

There's also the tiny matter of my contract
This little secret we share must never become public

You can stay in the spotlight for 10 years...

10 years of unchanged beauty...

But then you must disappear from view forever...

As to not arouse suspicion...

Wait, only 10 years, and then no more autographs?
No more stalkers?
I love those guys...

But think of those 10 glorious years:
Movie offers, premieres, tabloid scandals
You will be a star again!

Let's do it!

Forever young (One drop, time stops)
Forever fair (One drink, don't think)
Time beware (You've got one shot)
Siempre Viva (Siempre Viva)
Your life will never be the same (Beauty reborn)
Drink in your fortune and your fame (Beauty revived)
Forever and ever, forever! (Forever alive)

Siempre Viva
Siempre Viva
Siempre Viva
Siempre Viva
Siempre Viva
Siempre Viva

Bottoms up!
