

Walk Away

Megan Hilty

I don't really wanna hear excuses
From you, about why you are late
And I don't really wanna seal that love
That you give, when you tryna get your last trade
And I don't never wanna smell perfume
On your covers, that I don't even wear
And I don't never wanna feel so stupid
For believing, that you really care

So I'm done with the yelling and screaming
Not taking any calls this evening
Won't call you any names, just to get mine
I don't wanna play, this time I'm gonna walk away
I think I'll just walk away, yeah, yeah

Don't think you wanna drag us out
Start talking loud
Don't wanna make a scene
And I don't think I wanna
Give you the satisfaction
That you've hurt me
So this is what I'm gonna say
Goodbye, I hope you find
Someone who is dumb enough to put up with the stupid stuff
That you do, cause I'm through
Fighting for what it isn't there

So I'm done with the yelling and screaming
Not taking any calls this evening
Won't call you any names, just to get mine
I don't wanna play, this time I'm gonna walk away
I think I'll just walk away, yeah, yeah
I think I'm gonna walk away, yeah, yeah
This time I'm gonna walk away, yeah, yeah

I've done all the crying that I can do
Way past belief that I can change you
I'm gonna walk away with a smile upon my face
Oh, I'm gonna walk away, yeah
I think I'll just away, yeah, yeah
This time I'm gonna walk away, yeah, yeah
I think I'll just walk away, yeah, yeah
I'm gonna walk away,
I think I'm gonna walk away, yeah, yeah
This time I'm gonna walk away, yeah, yeah.
