

Drive-By

Megan & Liz

I don't know what you're doing now
And I don't know when you're going out
Or if you're with someone else
Or if you're out by yourself
I don't know what you think of me
Mmm, and I don't know what rumors to believe
Couldn't be what you need
No, you just weren't right for me

But every time I drive around this quiet, sleepy hometown
Somehow, I end up by your house

But I'll just drive by
Thinking about when we were young and wild
And it doesn't hurt me, I see us inside
We were just kids but damn we tried
I, I'll just drive by
I'll just drive by

Way back when life was something else
Swimming pools and trophies on a shelf
Didn't know we had it good
Looking out from where we stood
You're not the only thing I miss
And sometimes I like to reminisce
On the girl that I was
Back when love was enough

But every time I drive around this quiet, sleepy hometown
Somehow, I end up by your house

And I'll just drive by
Thinking about when we were young and wild
And it doesn't hurt me, I see us inside
We were just kids but damn we tried
I, I'll just drive by
I'll just drive by

Driving down your street, just like I used to
You'd wait up for me, just like you used to
I knew right where you'd be, just like I used to, oh
I'd be lying if I said I didn't care

I'll just drive by
Thinking about when we were young and wild
And it doesn't hurt me, I see us inside
We were just kids but damn we tried
I, I'll just drive by
Thinking about when we were young and wild
And it doesn't hurt me, I see us inside
We were just kids but damn we tried
But I, I'll just drive by
I'll just drive by
