

# It's Christmas Time

Megan & Liz

Let's be like kids on Christmas morning  
First one awake hoping snow is falling  
I wait all year to be feeling like this  
Ah oh ah ah ahohoh

Deck the halls with sparkles and glitter  
We'll chase away the grey this winter  
So let's get up and out, everybody shout  
Ah oh ah oh

Everybody everybody, what you waitin' for  
It's in the air, it's everywhere you couldn't ask for more  
So hang your mistletoe and play out in the snow  
Oh let's go  
Cause it's Christmas time

Let's paint the town with green and red  
You heard me right that's what I said  
I've waited all year and now it's here  
Ah oh ah ah ahohoh

The lights in New York City couldn't even  
Compare to how the world's lit up this season  
So let's get up and out, nobody's missing out  
Ah oh ah oh

Everybody everybody, what you waitin' for  
It's in the air, it's everywhere you couldn't ask for more  
So hang your mistletoe and play out in the snow  
Oh let's go  
Cause it's Christmas time

I wanna get up at five  
Wanna feel like I'm six  
Start a party at seven  
Keep it goin', keep it goin'  
Way past eleven  
Wish it was Christmas time  
All the time

Everybody everybody, what you waitin' for  
It's in the air, it's everywhere you couldn't ask for more

Everybody everybody, what you waitin' for  
It's in the air, it's everywhere you couldn't ask for more  
So hang your mistletoe and play out in the snow  
Oh let's go  
Cause it's Christmas time

It's Christmas time
