Was just a minute
Was just a look 'cross a room
I didn't know you but I knew I wanted to
You can't control it
You can't unlight a fuse
Maybe things like us
Are meant to make a big debut

So let's be crazy, let 'em write us down
On the cover, the front page, read all about it
I got a feelin' baby you and I
We could be the headline

This is epic
Bigger than both of us
It's a crash and burn
Or a fallin' flyin' kinda love

So let's be crazy, let 'em write us down
On the cover, the front page, read all about it
I got a feelin' baby you and I
We could be the headline

So let's be crazy, let 'em write us down
On the cover, the front page, read all about it

So let's be crazy, let 'em write us down
On the cover, the front page, read all about it
I got a feelin' baby you and I
We could be the headline

Oh
Yeah we could be the headline
Mmh, we could be the headline
