

Stronger

Megan McKenna

When I was young you always told me
To follow my dreams
Even when the world is trying to tear me down
And when I fall I feel you with me
I know you're with me
Here in my heart

When it's time to stop
And I feel like I've had enough
Let the world go around like a carousel
Make me stronger
I'm breaking through
Knowing you are my angel

When it's time to stop
And I feel like I've had enough
Let the world go around like a carousel
Imma close my eyes
And through the silence hear you say
That I will be okay
And the weakest days
Make me stronger

And the weakest days
Make me stronger
