

## Keep The Flowers

Megan Moroney

If you need a reason why I'm walkin' away  
Well, I've got a dozen and you brought bouquets  
Every time you messed up, got mad and got mean  
They don't work like they used to on me

Daisies won't make me give a damn  
And tulips won't dry up these tears  
Now roses are tried and they're true but I'm through  
Forgivin' you for all of the times  
You put me through hell, kept me cryin' for hours  
I'll keep my last name and you can keep the flowers

Every new promise is a new one to break  
Soon after comes sorry and a note on a vase  
They show up and they bloom for five or six days  
It's funny how you do the same

Daisies won't make me give a damn  
And tulips won't dry up these tears  
Now roses are tried and they're true but I'm through  
Forgivin' you for all of the times  
You put me through hell, kept me cryin' for hours  
I'll keep my last name and you can keep the flowers

Keep the flowers, keep me in the back of your mind  
Hope that the next girl don't mind a damn garden inside

But daisies won't make me give a damn  
And tulips won't dry up these tears  
Now roses are tried and they're true but I'm through  
Forgivin' you for all of the times  
You put me through hell, kept me cryin' for hours  
I'll keep my last name and you can keep the flowers

Honey, just keep the flowers  
Keep the flowers
