Never Wanna Let You Go

Megan Nicole

Quit playing games
Don't lead me on
Make me feel
Like I'm your one
When you're gonna
Let me go

Why won't you
Give me a chance
To show you
Every side of me
And how we're
Meant to be

'Cause you're too scared to
Let me in
And let this love begin

Never wanna let you go
Never wanna be alone
Tell me how it ought to be right now
Never wanna leave your side
Never wanna say goodbye
Tell me how it ought to be right now

I see the way you
Look at her
The way you used to look at me
Now I can finally see

Broken hearts
And broken dreams
There will never be a
You and me
Can't find the air to breathe

'Cause you're too scared to
Let me in
Let this love begin

Never wanna let you go
Never wanna be alone
Tell me how it ought to be right now
Never wanna leave your side
Never wanna say goodbye
Tell me how it ought to be right now

'Cause I'm falling
Do you still care?
'Cause I'm falling
Will you be there?

Never wanna let you go
Never wanna be alone
Tell me how it ought to be right now
Never wanna leave your side
Never wanna say goodbye

```
Tell me how it ought to be right now

Never wanna let you go
Never wanna be alone
Tell me how it ought to be right now
Never wanna leave your side
Never wanna say goodbye
Tell me how it ought to be
Tell me how it ought to be right now
```

Tell me how it ought to be right now

Never wanna let you go
Never wanna be alone
