

Caught Up

Megan Rochell

People all across the world
Y'all already know what it is
It's ya boy, Maddscientist
And your girl, the first lady of Def Jam
Miss Megan Rochell
Yo, Megan, what it do, mama?
Boy, you got me so caught up

Won't you come on over?
And let's make up for lost time
It's been a while now, baby
Good things been on my mind
I wanna share what we had again
Because I don't want it to end
I wanna experience the feeling

Every little thing that you do to me, I get caught up
Don't know what to do 'cause I'm so caught up
When my heart's missing you, boy, I'm stuck on your love
Not good for me, boy, caught up with you

Baby, I'm so caught up
I think you got me so caught up
I can't believe you got me so caught up
Damn right, you got me so caught up
Baby, I'm so caught up
I think you got me so caught up
I can't believe you got me so caught up
Damn right, you got me so caught up

I should've known better than to catch you with my smile
'Cause, baby, when you love me
Every touch is worth my life
See, boy, I know that you ain't good
I really wanna leave but don't know if I should
Where in the world did you come from?
Been tryna get you out of my system

Every little thing that you do to me, I get caught up
Don't know what to do 'cause I'm so caught up
When my heart's missing you, boy, I'm stuck on your love
Not good for me, boy, caught up with you

Maybe some other time I'll have you off my mind
And you won't have to worry 'cause I'll make it just fine
But until then I'm thinking of you
All I need is one touch from you

Thing that you do to me, I get caught up
Don't know what to do 'cause I'm so caught up
When my heart's missing you, boy, I'm stuck on your love
Not good for me, boy, caught up with you

Thing that you do to me, I get caught up
Don't know what to do 'cause I'm so caught up
When my heart's missing you, boy, I'm stuck on your love
Not good for me, boy, caught up with you

Baby, I'm so caught up
I think you got me so caught up
I can't believe you got me so caught up
Damn right, you got me so caught up
Baby, I'm so caught up
I think you got me so caught up
I can't believe you got me so caught up
Damn right, you got me so caught up
