

Don't Rock Me to Sleep

Megan Thee Stallion

Just come get all your stuff, I guess my love ain't good enough

Just come get all your stuff, I guess my love ain't good enough

You act so hard with me, but I just saw you in a picture lookin' soft with her

Be calm if you wanna get along with me

Way you talk, really think it's something wrong with me

Why I feel like I gotta share you with the city?

You don't even make a bitch feel like she pretty

Make a bitch feel like she pretty

Kiss me in the middle of the party when it's litty

Remember who you belong to when they friendly

I shouldn't have to teach you somethin' you should be feelin'

Don't rock me to sleep

Skip to the part that you really mean, yeah

Don't rock me to sleep

Baby, just say what you really mean

Blah, blah, blah, la-la-la

If you wanna leave, then bye, bye, bye

I'm a big girl, so I won't cry

Don't sing me a lullaby-by-by

Blah, blah, blah, la-la-la

If you wanna leave, then bye, bye, bye

I'm a big girl, so I won't cry

Don't sing me a lullaby-by-by

Blah, blah, blah, la-la-la

If you wanna leave, then bye, bye, bye

I'm a big girl, so I won't cry

Don't sing me a lullaby-by-by

Blah, blah, blah, la-la-la

If you wanna leave, then bye, bye, bye

I'm a big girl, so I won't cry

Don't sing me a lullaby-by-by

Don't rock me to sleep

Skip to the part that you really mean, yeah

Don't rock me to sleep

Baby, just say what you really mean

It's been about six months

Since I threw out all your stuff

You never stood a chance with me

Now it's looking like you're way better off with her

Hair grown, money long, now I'm in the city

All my friends like, "Girl, what you doin' different?"

Guess that fuckboy-free glow hittin'

Waist snatched, ass fat, feelin' real pretty

Yeah, feelin' real pretty

And my new boo got me feelin' real pretty

Hold my hand everywhere so they know he with me

He don't wan' fight, he just wan' fix it

Don't rock me to sleep

Skip to the part that you really mean, yeah

Don't rock me to sleep

Baby, just say what you really mean

Blah, blah, blah, la-la-la
If you wanna leave, then bye, bye, bye
I'm a big girl, so I won't cry

I'm a big girl, so I won't cry
