

Forever Ain't Enough Time

Meghan Patrick

If I live fast and I die young
Stealing time for my someone
For all the loving I wanna do
Forever ain't 'nough time with you

We'll be sitting on the front porch swinging on whiskey
I ain't going nowhere so you don't have to miss me
Living in a log house built on a hill
Thinking bout love, counting lightning bugs, and loving each other still

And all the promises we made
We'll never have to break up
Talk about memories
'Cause we had time to make up

If I live fast and I die young
Stealing time for my someone
For all the loving I wanna do
Forever ain't 'nough time with you
If I live fast and I die young
Sure to kill all of our fun
And I'll be here soon enough
So ain't no point in speeding up
So let's slow down please
Grow old with me

You'll still wake me in the morning so I don't miss the sunrise
Watching you work all covered in dirt still gives me butterflies
So baby let's make memories and last until we're 80
And every wrinkle on my face is from smiles you gave me

If I live fast and I die young
Stealing time for my someone
For all the loving I wanna do
Forever ain't 'nough time with you
If I live fast and I die young
Sure to kill all of our fun
And I'll be here soon enough
So ain't no point in speeding up
So let's slow down please
Grow old with me

Well I don't mind just killing time, talking botu the fun we had
Hell, we could just go make some love, what you think about that?

If I live fast and I die young
Stealing time for my someone
For all the loving I wanna do
Forever ain't 'nough time with you

With you
With you
With you
With you

Grow old with me
Oh, let's slow down please

Grow old with me, yeah
