

Hardest On My Heart

Meghan Patrick

I've done some damage to my liver
And my reputation hanging with the boys
Down by the river
I've got a ringing in my ears
And a ring I left behind from chasing that neon noise
All these years

As reckless as I've been
It's no wonder the shape I'm in

I've got a few scars
Broke a lot of bones, dented a few guitars
I wrecked a few cars, but there ain't no doubt
I've been hardest on my heart
Yeah I've been hardest on my heart

I seem to have an attraction
To smooth talk and tall drinks of hurricane
That ain't gonna last, yeah
Or I win 'em over with my wild side
Just to have 'em turn around and try to tame
The same thing that made 'em want me in the first place

I've got a few scars
Broke a lot of bones, dented a few guitars
I wrecked a few cars, but there ain't no doubt
I've been hardest on my heart
Yeah I've been hardest on my heart, yeah

I've seen the red flags and the caution signs
Still I keep falling for the wrong guys
I'm a love junkie for the crash and burn
Don't want it if it don't hurt

Yeah I've got a few scars
Broke a lot of bones, dented a few guitars
I wrecked a few cars, but there ain't no doubt
I've been hardest on my heart
Yeah I've been hardest on my heart
