

My First Car

Meghan Patrick

I like a tailgate beer, John Deere and George Strait
Water tower towns, bass ponds and 308s
Hazzard on a 27 RCA
Tennessee 7 on a Saturday
A number 3 fast on a 2 lane, hey y'all
Yeah, I've always been this way

My first drink was a warm Busch Light
And my first scar is from an old dirt bike
My first love grew up on a farm
My first buck is tattooed on my arm
Yeah, I got it right, right outta the gate
Five inch straight-pipe '98
Rolling coal Chevrolet, lifted up
'Cause my first car was a pickup truck
My first car was a pickup truck

My first party was a back forty bonfire
Couldn't get in if you didn't have mud tires
Stars coming out putting on a show
Joe Diffie playing on the radio
If I could go back to back then
Hey y'all, I'd do it all again

My first drink was a warm Busch Light
And my first scar is from an old dirt bike
My first love grew up on a farm
My first buck is tattooed on my arm
Yeah, I got it right, right outta the gate
Five inch straight-pipe '98
Rolling coal Chevrolet, lifted up
'Cause my first car was a pickup truck

My first drink was a warm Busch Light
And my first scar is from an old dirt bike
My first love grew up on a farm
My first buck is tattooed on my arm
I got it right, right outta the gate
Five inch straight-pipe '98
Rolling coal Chevrolet, lifted up
'Cause my first car was a pickup truck
My first car was a pickup truck
Hey, yeah, yeah, yeah
Come on, pick it on up
Come on, pick it on up
Hoo
