

Other Side Of 25

Meghan Patrick

Empty bottles on the bar
Thinking I was breaking hearts
But mine was broken
Drunk and cigarette smoking
Wasting time on wasted guys
Dressing myself to the nines
Needing attention
Falling for cheap connections

I was learning to live
By living it out
Worse for it then
Better for it now

On the other side of 25
Wing and a prayer, I'm still alive
Less who I was more who I am
Don't give a shit but I give a damn
Ain't the cause of the scene
I'm done chasing the drama
'Cause the grass here grows greener
Where I am on the
Other side of 25
Yeah, the other side of 25

If my life is like a record
It just keeps on getting better
When I flipped it over
It didn't spin any slower
But the songs get sweeter
The meaning gets deeper
I know I can't play it again
So I'm really listening

On the other side of 25
Wing and a prayer, I'm still alive
Less who I was more who I am
Don't give a shit but I give a damn
Ain't the cause of the scene
I'm done chasing the drama
'Cause the grass here grows greener
Where I am on the
Other side of 25

On the other side of 25
Wing and a prayer, I'm still alive
Less who I was, more who I am
Don't give a shit 'cause baby I'm...

On the other side of 25
Wing and a prayer, I'm still alive
Less who I was, more who I am
Don't give a shit but I give a damn
Ain't the cause of the scene
I'm done chasing the drama
'Cause the grass here grows greener
Where I am on the
