

Ashes

Meghan Trainor

Maybe it's the way your brain works
Maybe we don't use the right words
Baby, we're too stubborn, it hurts
It hurts

I wish you could see what you do
You might hate yourself if you knew
When we're not fighting I'm a stranger to you
To you

And all your insecurities
Are taken out on me

You can call me a crier
But you hurt me bad
Tears run like water
I'm not lookin' back
'Cause you're just a liar
And all that we had
Is lost in the fire
Burned into ashes

Keep 'em burnin'
Keep 'em burnin'

I don't wanna tell you goodbye
But I feel like I'm wastin' my time
And I don't see you changin' your mind
Your mind

And all your insecurities
Are taken out on me

You can call me a crier
But you hurt me bad
Tears run like water
I'm not lookin' back
'Cause you're just a liar
And all that we had
Is lost in the fire
Burned into ashes

Keep 'em burnin'
(Burned into ashes)
Keep 'em burnin'
(Mmh, burned into ashes)
Keep 'em burnin'
(Burned into ashes)
Keep 'em burnin'
(Mmh-hm)

Oh, I fell for
Every single word you ever said to me
And all your insecurities
Are taken out on me
Take 'em out on me, go ahead

Call me a crier
But you hurt me bad
Tears run like water
So I'm not lookin' back
'Cause you're just a liar
And all that we had
Is lost in the fire
Burned into ashes

Keep 'em burnin'
(Burned into ashes)
Keep 'em burnin'
(Burned into ashes)
Keep 'em burnin'
(Oh-oh, burned into ashes)
Keep 'em burnin'
(Mmh-hm, burned into ashes)

Burned into ashes
