

Christmas Party

Meghan Trainor

Let's have a Christmas party
Invite everybody
Let's call up the family
And tell them to get ready, for my Christmas party
Miss it you'll be sorry
We'll eat cookies and candy
Eggnog with a brandy
At my Christmas party

'Cause I miss Grandma
I miss her cookin' in the kitchen with her hair done
I need Uncle Steve on Christmas Eve
To come through with the Amazon gift card

It only happens once a year
Let's spread that Christmas cheer
That's all I wanna do
I wanna be roastin' by the fire
Sugar cookies get me higher
Dance 'cause Santa's comin' soon

Let's have a Christmas party
Invite everybody
Let's call up the family
And tell them to get ready, for my Christmas party
Miss it you'll be sorry
We'll eat cookies and candy
Eggnog with a brandy
At my Christmas party

I'll put the lights up
It gon' feel like we all in night club
And when the neighbors hear us ragin'
Let 'em in no invitation

It only happens once a year
Let's spread that Christmas cheer
That's all I wanna do
I wanna be roastin' by the fire
Sugar cookies get me higher
Dance 'cause Santa's comin' soon

Let's have a Christmas party
Invite everybody
Let's call up the family
Tell them to get ready, for my Christmas party
Miss it you'll be sorry
We'll eat cookies and candy
Eggnog with a brandy
At my Christmas party

No gifts!
Just RSVP you're on my list
And know this
It's a party that you don't wanna miss
Said no gifts!
Just RSVP you're on my list

Baby, you're on my list

Let's have a Christmas party

Invite everybody

Let's call up the family

Tell them get to ready, for my Christmas party
