

Here To Stay

Meghan Trainor

I make mistakes, yes, I'll admit
I fall apart in front of your face
But you think it's cute, you make fun of me
Darlin', I know you're here to stay

Three little words say more than enough
We got that foundation we've been buildin' up
And it didn't take long to know you're the one
That communication made me fall in love

Who knew we'd meet this soon
Fallen like lovers do
Now we get our whole lives together
We could call a long time forever
Yeah, I'm your biggest fan
And you like me as I am
So I'ma always be down forever

Even if I, I make mistakes, yes, I'll admit
I fall apart in front of your face
But you think it's cute, you make fun of me
Darlin', I know you're here to stay

Yeah-yeah-yeah
You're here to stay, yeah-yeah-yeah
Baby, that's why
I'm stickin' with you
Whatever it takes
Darlin', I know you're here to stay

Helpless without ya
I don't wanna love no one but you
I don't wanna find somebody new, yeah
I'm so satisfied, I
I don't wanna love no one but you
I don't wanna find somebody new, yeah-yeah

Who knew we'd meet this soon
Fallen like lovers do
Now we get our whole lives together
We could call a long time forever
Yeah, I'm your biggest fan
And you like me as I am
So I'ma always be down forever

Even if I, I make mistakes, yes, I'll admit (oh, no)
I fall apart in front of your face
But you think it's cute, you make fun of me
Darlin', I know you're here to stay

Yeah-yeah-yeah (stay)
You're here to stay, yeah-yeah-yeah (oh-oh-oh-oh)
Baby, that's why
I'm stickin' with you
Whatever it takes
Darlin', I know you're here to stay
