

# I Get It

Meghan Trainor

Baby, this love is overwhelming, I get it  
You wanted forever once you felt it, I get it  
When your heart does that thing  
You don't have to explain  
'Cause I feel the same, I get it  
I get, get, get, get, get, get  
Get it

If you're ready (Uh-huh, yeah, yeah)  
If you're ready (Uh-huh, hey)  
If you're ready (Uh-huh)  
I get, get, get, get, get  
Get it

Yeah, we stopped time  
The moment your eyes got lost in mine  
Made up our minds  
Left all them other lovers behind  
Was it easy as goodbye? (Ah, goodbye)

Maybe you should take a second to catch your breath  
I see your heart beating out your chest  
Lose your cool when I'm in this dress  
Look at you when you're powerless  
(Are you ready?) For sure  
(To be my baby) 'Cause I'm yours  
I got you thinking 'bout the rest of your life

'Cause baby, this love is overwhelming, I get it  
You wanted forever once you felt it, I get it  
When your heart does that thing  
You don't have to explain  
'Cause I feel the same, I get it, I get it  
Don't be afraid of getting deeper, dive in it  
You knew right away I was a keeper, admit it  
When your heart does that thing  
You don't have to explain  
'Cause I feel the same, I get it  
I get, get, get, get, get, get  
Get it

If you're ready (Uh-huh)  
If you're ready (Uh-huh, hey)  
If you're ready (Uh-huh)  
I get, get, get, get, get

Maybe you should take a second to catch your breath (Yeah)  
I see your heart beating out your chest  
Lose your cool when I'm in this dress  
Look at you when you're powerless  
(Are you ready?) For sure  
(To be my baby) Come on  
I know you're thinking 'bout the rest of your life

'Cause baby, this love is overwhelming, I get it  
You wanted forever once you felt it, I get it  
When your heart does that thing

You don't have to explain  
'Cause I feel the same, I get it, I get it  
And don't be afraid of getting deeper, dive in it (Hey)  
You knew right away I was a keeper, admit it (Ooh)  
When your heart does that thing  
You don't have to explain  
'Cause I feel the same, I get it (Hey)  
I get, get, get, get, get, get  
Get it (Get it)

If you're ready (Uh-huh, yeah, yeah, yeah)  
If you're ready (Uh-huh, hey, hey)  
If you're ready (Uh-huh)  
I get, get, get, get, get, get, get it (Yeah, yeah)  
If you're ready (Uh-huh, ooh)  
If you're ready (Uh-huh, yeah, yeah, yeah)  
If you're ready (Uh-huh)  
I get, get, get, get, get, get  
Get it
