

Powder

Meghan Trainor

[Intro]

M-Train, it's like that

Hehe

Uh-uh

Uh-uh

[Verse 1]

Hey

Ooh boy, you dusty

Yeah, I'm sick of the way you look

Kinda like you rusty, you rusty

Baby, don't cling on too long

Don't try to love me

Don't hug me

Yeah, I know we had a thing, but I'm thinkin', "fuck it"

You played the game so well, but that ain't gon' cut it

[Pre-Chorus]

No, 'cause I know how to treat the game

Yeah, I know how to beat the pain

Watch out, watch out, 'cause I, haha, can't be tamed

'Cause I'm crazy, I'm cool, but I can't be with no fool

And I don't think you quite know what I can do

[Chorus]

I'll dust you off like powder, powder

You don't mean nothin' to me

I'll dust you off like powder, powder

You're just some dirt on my sleeve

I'll dust you off like powder (Powder), powder (Powder)

No, I won't lose any sleep

I'll dust you off like powder (Powder), powder (Powder)

You're just some dirt on my sleeve

I'll dust you off like powder (Powder, powder, powder...)

I'll dust you off like powder (powder, powder, powder...)

[Verse 2]

Oh, hey

Hey, walk tall while you got the chance

And I don't want that bad romance

And you have a way with words

But I found out who you really were, hey

Yeah, I'll miss that body, but this ain't no la-ti-da-dee

Not a one hit wonder, strike like thunder, damn

[Chorus]

I'll dust you off like powder (Powder), powder (Powder)

You don't mean nothing to me

I'll dust you off like powder (Powder), powder (Powder)

(Oh, oh) You're just some dirt on my sleeve

I'll dust you off like powder (Powder), powder (Powder)

No, I won't lose any sleep

I'll dust you off like powder (Powder), powder (Powder)

You're just some dirt on my sleeve

I'll dust you off like powder (Powder, powder, powder...)

I'll dust you off like powder (Powder, powder, powder...)

I'll dust you off like powder (Powder, powder, powder...)

I'll dust you off like powder (Powder, powder, powder...)
I'll dust you off like powder
