

Queen

Meghan Trainor

You are the Queen, girl
Yeah, your body look good
Every man wanna try
And they wish they could
You the Queen, girl
Your body look right tonight, aye

Baby, woah, you the finest
Go and roll, your highness

Show them you are my Queen, girl (know this, know this)
The way you rub up on me
With an ass so thick
You're my Queen, girl (know this, know this)
The way you whine up on me, I can't resist
You're the Queen, girl, watch them bow down
Other girls try, but they tap out
You're the Queen, girl, watch them bow down
Gimme a chance so we can show them how you

Get down get down with an ass like that
Your crown is heavy but ya work that butt
Can ya get down get down cause I like it like that
Ya run to town, and then we show them how you
