

Shook

Meghan Trainor

Baby, I got you shook, got you shook, got you shook
Baby, I got you shook, got you shook (Uh)

Take a power nap (Woo!), save up that energy
Baby, grab a snack, but save some room for me
'Cause after one night, you'll look for diamond rings
Yeah, that's what I call "Breakfast at Tiffany's"

Keep your composure
'Cause I'm comin' over (Oh!)
And tell your neighbors pay no mind to my screams (Ow!)

Baby, I got you shook (Hey), got you shook, got you shook (Woo!)
Baby, I got you shook (C'mon!), got you shook, got you shook
I'll make you break a sweat, maybe you're obsessed (Uh-huh)
Baby, I got you shook, got you shook, got you shook (Say)
Try to keep your composure, 'cause I'm comin' over
Baby, I got you shook, got you shook

Tell me where you seen a booty like this (Booty like this)
Don't get distracted when you handle these hips (Handle these hips)
Now, are you certified to freak with this bitch? (Freak with this bitch)
'Cause if so, you could have my name on your lips (Name on your lips)
(Mwah)

So try to keep your composure
'Cause I'm comin' over (Oh!)
And tell your neighbors pay no mind to my screams (Ow!)

Baby, I got you shook (Woo), got you shook, got you shook (Hey, hey)
Baby, I got you shook, got you shook (Hey), got you shook (Yeah)
I'll make you break a sweat, maybe you're obsessed (Uh-huh)
Baby, I got you shook, got you shook, got you shook (Mm)
Try to keep your composure (Yeah, you should), 'cause I'm comin' over
(Hey)
Baby, I got you shook, got you shook (Woo, pay attention)

I say, booties like this don't come 'round often
Take tomorrow off, 'cause you gon' feel exhausted
(Don't be) Don't be basic, 'cause I don't wanna fake it
Get down on your knees and worship me like a goddess
You know I'm better than the girl of your dreams
And tell your neighbors pay no mind to my screams (Ow!)

Baby, I got you shook, got you shook, got you shook (Got you shook, baby)
Baby, I got you shook, got you shook, got you shook (I'll make you break a sweat)
I'll make you break a sweat, maybe you're obsessed (Woo)
Baby, I got you shook, got you shook, got you shook (Hey)
(C'mon try to) Try to keep your composure, 'cause I'm comin' over

Baby, I got you shook, got you shook (I got you, I got you shook, ooh
, ah)
