

Sleepin' On Me

Meghan Trainor

I'm finally out your head
Then I come back again (Ooh, she's crazy, dum-darum-daisy)
I win against the odds
Call me "The Underdog" (Ooh, she's crazy, dum-darum-daisy)

So think before you speak
'Cause talking shit is cheap
And how do you even miss me
When I've been here the whole time?

I bet you was asleep (Wake up!)
(On me) Sleepin' on me (Sleep on me)
Ooh, baby, what a shame
I bet you was asleep (Wake up!)
(On me) Sleepin' on me (Sleep on me)
Now you never look away
I bet when you close your eyes (When you close your eyes)
You dream of me all night (Ooh)
I bet you was asleep (Wake up!)
(On me) Sleepin' on me (Sleep on me)
So why, why won't you wake up?

They never thought I would
Make it to Hollywood (Ooh, she's crazy, dum-darum-daisy)
Yeah, they say, "She ain't got nothing left."
I wouldn't hold your breath (Ooh, she's crazy, dum-darum-daisy)

So think before you speak
'Cause talking shit is cheap
Tell me, how do you even miss me
When I've been here the whole time?

I bet you was asleep (Wake up!)
(On me) Sleepin' on me (Sleep on me)
Ooh, baby, what a shame
I bet you was asleep (Wake up!)
(On me) Sleepin' on me (Sleep on me)
Now you never look away
I bet when you close your eyes (When you close your eyes)
You dream of me all night
(Ooh) I bet you was asleep (Wake up!)
(On me) Sleepin' on me (Sleep on me)
So why, why won't you wake up?

I said, "Why won't you wake up?" (Yeah, yeah, yeah)

Oh, think before you speak
'Cause talking shit is cheap
Tell me, how'd you even miss me
When I've been here the whole time?

I bet you was asleep (Wake up!)
(On me) Sleepin' on me (Sleep on me, hey)
Ooh, baby, what a shame
I bet you was asleep (Wake up!)
(On me) Sleepin' on me (Sleep on me)
Now you never look away

I bet when you close your eyes (When you close your eyes)
You dream of me all night
(Ooh) I bet you was asleep (Wake up!)
(On me) Sleepin' on me (Sleep on me)
So why, why won't you wake up?

Wake up, wake up
I said, "Wake up, wake up," yeah
Wake up, wake up
Baby, why won't you wake up?
Wake up, wake up, yeah
Wake up, wake up
Why won't you wake up?
