

# Takin' It Back

Meghan Trainor

Takin' it back  
Takin' it back, back  
Back to the days they made that good shit  
Ay, made you move your hips  
And made you feel like

When the rhythm gets you high  
It gon' put you in the mood, ah, yeah (Put you in the mood)  
'Cause you can't even lie (You can't even lie)  
Kinda makes you wanna move, ah, baby (Makes you, makes you, makes you move)

So when you start to body roll  
Movin' to the beat  
If you start to lose control  
That's my bad

'Cause we takin' it back (Takin' it back, back)  
Back to the days they made that good shit  
Ay, made you move your hips  
And made you feel like this  
'Cause we takin' it back (Takin' it back, back)  
Back when the bass line wasn't basic  
Ay, ah, yeah  
So won't you play that bass for me?

You see, I don't know what they're playin' on the radio (Oh-oh)  
But if it ain't that old school, it ain't got no soul (Ain't got no soul)  
So let me show you how to do it  
Keep on dancin' to the music  
And meet me on the dance floor, oh-oh (Meet me on the dance floor)

When you start to body roll  
Movin' to the beat (Ah, yeah)  
If you start to lose control (Woo!)  
That's my bad

'Cause we takin' it back (Takin' it back, back)  
Back to the days they made that good shit  
Ay, made you move your hips  
And made you feel like this  
'Cause we takin' it back (Takin' it back, back)  
Back when the bass line wasn't basic  
Ay, ah, yeah  
So won't you play that bass for me? (Mm)

Play that bass for me, play that bass for me  
Play that, play that, that bass for me, play that bass for me  
Play that bass for me, play that bass for me  
Play that, play that, that bass for me, play that

'Cause we takin' it back (Play that bass for me)  
Takin' it back (Play that bass for me)  
'Cause we takin' it back (Play that bass for me, play that bass for me)  
Takin' it back (Play that bass for me)  
Takin' it back, back, back  
To the days they made that good shit (Play that bass for me) (Ay)  
(Play that bass for me)
