

# This Love

Meghan Trainor

Lo-lo-lo-lo-love...

Love's got a hold on me  
But I don't think I'm ready  
I'm focusing on myself  
Love won't keep me steady  
And I wonder if everyone's got a love of their own  
And who else is left to love me alone

I say ooh, yes I'm falling for you  
Let me know if your feeling just like I do  
Ooh, I'm kind of confuse  
Don't know if I want or if I need this love

Lo-lo-lo-lo-love...

Everyday I'm waiting and I feel like  
Everyone has someone on their own life  
Oh, and I feel like I'm the only one alone  
So someone gotta tell me, do I need love just to be happy?  
And I wonder if everyone's got a love of their own  
And who else is left to love me alone

I say ooh, yes I'm falling for you  
Let me know if your feeling just like I do  
Ooh, I'm kind of confuse  
Don't know if I want or if I need this love

Lo-lo-lo-lo-love...

Should I walk in the city of danger  
Should I stay here on my own  
Should I give my heart to a stranger  
Could I go through life alone  
I'm just thinkin' for me  
If I am hopelessly falling for you  
What else can I do besides  
(Lo-lo-lo-lo-love...)  
Love you... ooh

Ooh, yes I'm falling for you  
Let me know if your feeling just like I do  
Ooh, I'm kind of confuse  
Don't know if I want or if I need this love

(Lo-lo-lo-lo-love...)  
This love  
This love ooh  
Don't know if I want or need this love  
I don't know  
ooh, babe somebody tell me if I need love
