

# Dear You

Meiko

Dear you, it's been a while since we talked  
Did you stop and think about it at all?  
And is it true the ghost of us is up and moved on?  
Is it true eveything we had is all gone?  
Is all gone

Is such a shame  
You don't know my name  
Nothing's the same anymore  
Now we're just strangers fighting a cold war

Dear you, I still remember what you said  
You didn't want to say I do but you did  
And now you're stuck with a life you swore you never wanted  
And now you're stuck and I guess the past is there to forget

Is such a shame  
You don't know my name  
Nothing's the same anymore  
Now we're just strangers fighting a cold war

I'm gonna trade this all for the sun  
Even behind me what's been done  
I always knew the west(?) would win, my love

I'm driving, I'm driving, I'm driving, I'm driving  
I'm driving away  
I'm tired of trying to find a reason to stay

Is such a shame  
You don't know my name  
Nothing's the same anymore  
Now we're just strangers fighting a cold war

I'm driving, I'm driving, I'm driving, I'm driving  
I'm driving away  
I'm tired of trying to find a reason to stay

Ooh
