

Ghost

Meiko

Does anybody have the answer
Does anybody have a clue
Cause I walk along the outside of the line
I wanna see the truth

I am living with a ghost
And she tells me what to follow
And I miss her the most
But the promises are hollow

Does anybody have a reason
Does anybody have a light
Cause I walk along the bottom of the ocean
And I don't have all night

I am living with a ghost
And she tells me what to follow
And I miss her the most
But the promises are hollow

Does anybody know the point of it
Does anybody have the time
Everything is hazardous
But I'm sure you'll be fine
They said I'm sure you'll be fine
They said I'm sure you'll be fine

I am living with a ghost
And she tells me what to follow
And I miss her the most
But the promises are hollow
Yeah the promises are hollow
