

Missing People

Meiko

I waited for you all my life
You stayed for a while
Then you said goodbye
But I'm still here and I still cry
Year after year
The pain never subsides

And I love you so
I will never let you go

These things happen for reasons that I don't know
And I'm sure
Someone, somewhere felt them before

These things happen
For reasons that I can't say
And I can't move on today

Life is wilder than the wind
Highs and lows it goes and blows me down again
And I can't say I'm not afraid
Just a tree in the storm
I'm trying not to break

And I love you so
I will never let you go

These things happen for reasons that I don't know
And I'm sure
Someone, somewhere felt them before

These things happen
For reasons that I can't say
And I can't move on today

We're just all missing people
We're just all missing people
And we wanna go back and do it all again
But I'm holding on every moment I can
We wanna go back and turn it all around
But I'm trying I'm trying
I need you right now
To turn it all around

We're just all missing people
We're just all missing people

And I love you so
I will never let you go
