

# Weird World

Meiko

It's a weird world  
And I'm living in it  
I've got big balls  
And I'm gonna do something with 'em  
Take time  
For more important things  
Realign my mind, soul, and body

It's a weird world  
And I am one girl  
But I'll kick all of the ass that I need to  
I'll kick all of the ass that I need to  
In this weird world

So I'll work out  
And get some muscle  
Read more and improve my hustle  
I've got a lazy eye  
But I'm trying to focus  
I've got a black belt  
In case you didn't notice

In this weird world  
I am one girl  
But I'll kick all the ass that I need to  
I'll kick all the ass that I need to  
In this weird world

I just don't know  
What is going, going wrong  
So I'll take a hit  
Take a sip and pass it on

Cause it's going going going gone  
Going going going gone gone  
Going going going gone  
Going going going gone gone  
Going going going gone  
Going going going gone gone  
Going going going gone

In this weird world  
I am one girl  
But I'll kick all of the ass that I need to  
I'll kick all of the ass that I need to  
I'll kick all of the ass that I need to  
I'll kick all of the ass that I need to
