

# I Know How You Feel

Meja

You look in the mirror and you hate your face  
Walk through the door and you hate your place  
When you need your best friend she lets you down  
Now what else is new, there's nothing to do, and you hate this town

I know how you feel, how you feel, if it's any consolation  
I know how you feel, how you feel, in your situation  
Don't slash your wrist, make a fist, if life seems so unreal  
I know how you feel (I know how you feel, feeling)  
I know how you feel (I know how you feel, feeling)

You wake up all nervous in the dark of night  
All you want is someone to hold you tight (ooh-ooh-ooh-ooh)  
You're stuck in traffic and some bitch won't let you through  
Yeah, well sometimes it feels the whole damn world is picking on you

I know how you feel, how you feel, if it's any consolation  
I know how you feel, how you feel, in your situation  
Don't slash your wrist, make a fist, if life seems so unreal  
I know how you feel (I know how you feel, feeling)  
I know how you feel (I know how you feel, feeling)

Now did you ever wonder why you were ever bored?  
Some people see the ropes but you fear the thought

I know how you feel, how you feel, if it's any consolation  
I know how you feel, how you feel, in your situation  
Don't slash your wrist, make a fist, if life seems so unreal  
I know how you feel (I know how you feel, feeling)  
I know how you feel (I know how you feel, feeling)  
I know how you feel (I know how you feel, feeling)  
I know how you feel (I know how you feel)
