

## Regrets (I Have None)

Meja

Look, look what have I done  
I Tried to rescue a dreamer  
The beat is kinda heavy and the moon crashed down  
Yes, it did  
Look, look is it a crime  
To wanna be a redemer  
my baby's out of tune and he stole my crown  
But regrets i Have none  
No regrets I have none

Look, look it felt so good  
the moon crashed down  
while we did what we could  
crash bang, I'm standing empty handed  
Ohohoh, the line is thin  
Should I give up or just give in?  
I did it for love like lovers do  
But most of all I did it for you

Look, look what have I done  
I Tried to rescue a dreamer  
The beat is kinda heavy and the moon crashed down  
Yes it did  
Look, look is it a crime  
To wanna be a redemer  
my baby's out of tune and he stole my crown  
But regrets I have none  
No regrets I have none

Sweet, sweet, the cut is deep  
I give what I get and I get what I need  
Still here standing open hearted  
Ohohoh from where I've been  
I walking on red and stopping at green  
I did it for love like lovers do  
But you should know I could have done anything for you

Life is sweet, why dig in to deep?  
When I can walk the sunny side of the street  
No regrets I have none

Life is good I put on repeat  
I meet you down the sunny side of the street  
No regrets I have none
