

Hey Y'all

Meł McDaniel

Hey y'all, I'm all over her for good
I got back on track like I never thought I would
You'd think by now that I'd leave love alone
You get burned and you learn to make it on your own
But after all those broken hearts that I've been through
There's someone new

Hey y'all, I'm falling in love again
I fell into the fire when I jumped out of the frying pan
I bet you never thought that I would find my way back in
But hey y'all I'm falling again

Hey y'all, I saw another heart like mine
And I knew I had to give it one more try
'Cause this time could be the love that's gonna last
When she holds me I forget the past
I never thought this frown would turn up to a grin
Love's moving in

Hey y'all, I'm falling in love again
I fell into the fire when I jumped out of the frying pan
I bet you never thought that I would find my way back in
But hey y'all I'm falling again

Hey y'all (I'm falling again)
Hey y'all (I'm falling again)
Hey y'all (I'm falling again)
Hey y'all (I'm falling again)
