

# If I Keep On Going Crazy

**Mel McDaniel**

If I keep on going crazy I'll get there by and by  
It's the only place that I can go and get you off my mind  
Oh, and gettin' there's so easy I don't even have to try  
Cause if I keep on going crazy I'll get there by and by

They found me standing in a depot in Boulder Colorado  
Calling some strange lady by your name  
They said I tried to trade her Kansas for a ring that she was w  
earing  
But if I did I don't recall a thing

If I keep on going crazy I'll get there by and by  
It's the only place that I can go and get you off my mind  
Oh, and gettin' there's so easy I don't even have to try  
Cause if I keep on going crazy I'll get there by and by

A week before in Tallahassee they say I commandeered a taxi  
And drove that driver clear to Silver Springs  
They said I told him how you left me and he tried not to upset  
me  
Anymore my life is seeming awful strange

And if I keep on going crazy I'll get there by and by  
It's the only place that I can go and get you off my mind  
Oh, and gettin' there's so easy I don't even have to try  
Cause if I keep on going crazy I'll get there by and by

If I keep on going crazy I'll get there by and by  
It's the only place that I can go and get you off my mind  
Oh, and gettin' there's so easy I don't even have to try  
Cause if I keep on going crazy I'll get there by and by

Yeah, if I keep on going crazy I'll get there by and by  
It's the only place that I can go and get you off my mind  
Oh, and gettin' there's so easy I don't even have to try  
Cause if I keep on going crazy I'll get there by and by
