

## Now You're Talkin'

Mel McDaniel

You call me up and you tease me on the telephone line  
You say you wanna go dancing with me tonight  
But then you tell me that my place'll be alright

Now you're talkin', talkin' 'bout what I like  
Now you're talkin' when you're talkin' 'bout lovin' me right  
Now you're talkin', talkin' 'bout what I like

You're always sayin' that you like to make my dreams come true  
And you know I love a-hearin' them things from you  
Sweet words about all the things you're gonna do

Now you're talkin', talkin' 'bout what I like  
Now you're talkin' when you're talkin' 'bout lovin' me right  
Now you're talkin', talkin' 'bout what I like

You tell me that you want me, your heart's beatin' fast  
You say you're gonna love me with a love that's gonna last

Now you're talkin', talkin' 'bout what I like  
Now you're talkin' when you're talkin' 'bout lovin' me right  
Now you're talkin', talkin' 'bout what I like  
Now you're talkin', talkin' 'bout what I like  
Now you're talkin' when you're talkin' 'bout lovin' me right  
Now you're talkin', talkin' 'bout what I like
