

# Roll Your Own

Mel McDaniel

If you don't like the way they make 'em in the city  
Cause they taste too strong the dang paper ain't pretty  
Roll your own roll your own  
You'll leave the ready rolls behind when you finally find a roll  
your own

Well there's the raspberry strawberry pretty red wine  
Besides tastin' good you're gonna have a nice time  
Roll your own hm roll your own  
You're gonna have a nice time I ain't lyin' down roll your own

Well the first time you try it you're gonna cuss and shout  
Cause the paper keeps tearin' and the stuffin' falls out  
But don't give up cause after a while  
You'll be smokin' right on with a big ole smile  
Roll your own hm roll your own

When you finally get the hang of rollin' your own  
You'll want to share it with a friend let 'em pass it along  
Everybody hm roll your own  
When you finally get the touch you won't smoke so dang much  
Roll your own  
You'll leave the ready rolls behind  
When you finally find a roll your own
