

We've got A Good Love Going On

Mel McDaniel

You got to swamps down in Louisiana where the big alligators cr
awl
Or you can board a plane and fly your pain down at the Hot Springs Arkansas
You can pay and see the Grand Canyon but you can buy what we've
got at home
Well it's a sight to see you and me we've got a good love going
on

Well the whole wide world keeps looking for what we've already
found
We can stay right here and be happy while ages travel around
I'd like to meet the man that said that you can't live on love
alone
Cause it's a proving fact we're provin' that we've got a good love
going on

There's a drive through California where those giant redwoods grow
And some stars that live in Beverly Hills that you can see if you
drive slow
Or you can sail across the ocean and never know the joy we'd know
We've got the rainbow pot of gold we've got a good love going on

Yeah the whole wide world keeps looking for what we've already
found
We can stay right here and be happy while ages travel around
I'd like to meet the man that said that you can't live on love
alone
Cause it's a proving fact we're provin' that we've got a good love
going on

Yeah it's a proving fact we're provin' that we've got a good love
going on
