

I Would Fly

Mel Tillis

If I fail to please you
Please don't hold it against me I was trying

And if I fail to win you
Let's just say it wasn't in you
To love me the way that I love you

I would fly to your side if you called on me
That's the kind that I am
Pride be damned take all of me

And if I fail to keep you
Guess my love was so deep you just couldn't see it

And if I fail to hook you
Let's just say that it took you
Forever to notice I was there

I would fly to your side if you called on me
That's the kind that I am
Pride be damned take all of me

I would fly to your side if you called on me
That's the kind that I am
Pride be damned take all of me
