

## Tormented Heart

**Mel Tillis**

There's no wings on you girl you're lost in this world  
And I've got a tormented heart  
You never could be true and still I worshipped you  
And I've got a tormented heart

I know I must have loved you since you were a baby  
And all you've ever done for me was drive me half crazy  
It would surely be a sin to love this much again  
'Cause I've got a tormented heart

I know I must have loved you since you were a baby  
And all you've ever done for me was drive me half crazy  
It would surely be a sin to love this much again  
'Cause I've got a tormented heart
