

That Old Feeling

Mel Tormé

Last night I started out happy
Last night my heart was so gay
Last night I found myself dancing
In my favorite cabaret

You were completely forgotten
Just an affair of the past
Then suddenly something happened to me
And I found my heart beating, oh, so fast

I saw you last night and got that old feeling
When you came in sight I got that old feeling
The moment that you danced by I felt a thrill
And when you caught my eye my heart stood still

Once again I seemed to feel that old yearning
And I knew the spark of love was still burning
There'll be no new romance for me, it's foolish to start
For that old feeling, is still in my heart

I saw you last night and got that old feeling
When you came in sight I got that old feeling
The moment that you wandered by I felt a thrill
And when you caught my eye my heart stood still

Once again I seemed to feel that old yearning
And I knew the spark of love was still burning
There'll be no new romance for me, it's foolish to start
When that old feeling, is still in my heart
And though we're apart, I knew from the start
You'll remain in my heart
