

In and Out of Love

Melanie C

(In and out of love)
(I keep going)
(In and out of love)
(Tryin' to get higher)

Take me out
I'm ready let's hit the town
I can feel it now
Pushing away the doubt
And it's got me going
Lights are glowing
Pulling me through the crowd

Lost in the music, we're dancing like no one's here
I feel the heat of your skin as you pull me near

I go in and out of love
Never get enough
I keep going
In and out of love
Tryin' to get higher (higher)

In and out of love
Never giving up
So I keep going
In and out of love
Chasing desire (higher)

Play it cool
Who am I trying to fool
I'm not going home
Without you, 'out you, 'out you

Lost in the music we're dancing like no one's here
I feel the heat of your skin as you pull me near

I go in and out of love
Never get enough
I keep going
In and out of love
Tryin' to get higher (higher)

In and out of love
Never giving up
So I keep going
In and out of love
Chasing desire (higher)

I can't ever get enough
I go in and out of love
I can't ever get enough
I go in and out of love

I don't wanna take this slow
We don't have the time here to lose
By tomorrow I'll be gone (yeah, yeah, yeah)

(In and out of love)
(In and out of love)
(I go in and out of love)
(In and out of love)

I go in and out of love
Never get enough
I keep going
In and out of love
Tryin' to get higher (higher)

In and out of love
Never giving up
So I keep going
In and out of love
Chasing desire (higher)

I can't ever get enough
I go in and out of love
I can't ever get enough
I go in and out of love
