

## Please Don't Go (Cry Baby)

Melanie Fiona

I want to love you  
Until the morning comes  
Secretly I want to tap you on your shoulder  
And ask you to come closer to me  
(I wanna love you I I wanna love you)  
Baby your so fine  
The way you make me feel is always on my mind  
(I think I need your love)  
Baby darling I'm afraid to love I'm falling  
Please don't go

Stay right here where the lovin' is strong  
Baby please don't go  
Stay right here where your needed the most baby  
Don't make me cry baby  
I'm a cry baby for you

I get fever when I see ya you've turned me to a believer in love  
(hm hm hm hm)  
You've got me wrapped around ya finger  
When I seem to be in need of your touch  
(hm hm hm hm)  
Baby you don't know  
The way it feels to me when your out the door  
(I miss you so)  
Baby darling it's true it's love I've fallin'  
Please don't go

All the ladies take your crying to the floor  
If you got a man and don't want him to go

Don't make me cry baby cause  
I'm a cry baby for you

All the ladies take your crying to the floor  
All the ladies take your crying to the floor  
Cry baby  
Cry baby  
Don't make me cry baby cause  
I'm a cry baby for you
